To Whom It May Concern:

I am a neighbor to the cited Project #3028516 and want to be among those who would ask that this property be allowed to continue as is, without tree removal from the property. Our neighborhood is one of the few with old, but still healthy trees on lots, with lots large enough to build more housing. Many of us have tried to preserve our lots without tree removal, choosing instead to have an arborist (from the City) show us how to clean, prune and preserve our trees and shrubs.

Thank you for considering this request with the hope of declaring that our trees are exempt from developers coming in and destroying our environmentally friendly trees.

Respectfully submitted,
